DETAILED ACTION

1. Claims 1-15, 18-23 and 25 have been cancelled.
2. Claims 16-17, 24 and 26 are allowed.

Allowable Subject Matter

3. The following is an examiner's statement of reasons for allowance:

As applicant pointed out under Remark section, pages 8-9, Tabloski, Jr. et al. (US 5,999,729), taken either singly and/or in combination with other cited prior arts, do not teach the combined functional limitations of the integrated dataflow application is executed in parallel by recognizing the linked map processes within the map components and allocating a separate thread to each of a plurality of linked map processes; and each of said plurality of linked map process is executed on its allocated thread substantially in parallel as part of a single process, and said data resides in memory accessible to each of said plurality of linked map process, as recited in such manners in each of independent claim 16.

Prior arts of record do not teach and/or suggest these claimed limitations, thus, all remaining pending claims 16-17, 24 and 26 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 2192
